

Altrincham Grammar School for Girls

Relationships Education, Relationships and Sex Education and Health Education Curriculum Mapping (2021-2022)

Points to Note

- Students **can only be** withdrawn from Sex Education. It is now a statutory requirement for all UK schools to teach students Relationships and Health Education.
- The following prescribed content, as listed in the Department for Education Statutory Relationships Education, Relationships and Sex Education and Health Education Guidance, will be wholly taught by the AGGS science department: **‘the science relating to blood, organ and stem cell donation’**.
- Basic first aid will be taught by an external and regulated organisation in Year 9, Year 10 or 11 (tbc) – this is part of Health Education and is mandatory for all students.
- The curriculum will be supported by visiting speakers and organisations. Moreover, topics are also delivered through other subjects studied by your child, notably: PE, science, computing, citizenship, food and nutrition, religious studies and the whole-school ethos and pastoral programme e.g. assemblies and form time.
- Only the prescribed content as listed in the Department for Education Statutory Relationships Education, Relationships and Sex Education and Health Education Guidance is listed within this document. PSHE is taught in combination with citizenship, therefore where there are empty spaces, this denotes students being taught content from the citizenship national curriculum or material in PSHE outside the prescribed content.

	Year 7	Year 8	Year 9	Year 10	Year 11
Relationships Education	<p><u>Term 1</u></p> <p>Respectful Relationships: Features & Types of Relationships <i>This topic will explore the different relationships a student may be part of e.g. friendships, romantic, parent/children, student/teacher etc. The notion that all relationships should be underpinned by respect and individuals should be celebrated for their uniqueness and that nobody should be treated unfavourably due to their beliefs/characteristics in any relationship.</i></p> <p><i>Reference will be made to in person and online relationships and the potential risks of online friendships.</i></p> <p><i>Students will consider how to overcome difficulties and differences within relationships.</i></p> <p>Respectful Relationships: Bullying <i>This topic will explore the types (including cyberbullying), the bystander effect and impact of bullying and where to get support if students become the victim of bullying.</i></p>	<p><u>Term 1</u></p> <p>Online & Media: The Media <i>This topic will explore the relationship between the media and students. It will consider the rights, behaviour and responsibilities of students regarding their use of media. It will equip them with the skills to be critical media consumers and consider the information they are presented with and its accuracy (e.g. malinformation, disinformation, and misinformation).</i></p> <p><i>The benefits and potential dangers of media usage (including harmful behaviours, encouraging stereotypes etc.) and steps to take if they encounter online dangers/content e.g. CEOP, IWF etc.</i></p> <p><i>The uses and misuses of online data/information/sharing information, with reference to personal details and financial information.</i></p>			<p><u>Term 1</u></p> <p>Intimate & Sexual Relationships <i>This topic will explore the characteristics of healthy, safe and consensual sexual relationships and the consequences of these relationships for themselves.</i></p> <p>Being Safe: Domestic Abuse <i>This topic will explore the signs/features of a domestically abusive relationship and how some behaviours within a relationship maybe criminal.</i></p> <p><i>Students will be signposted to support for victims of domestic violence e.g. the work of TDAS.</i></p>
Sex Education	NOT DELIVERED IN YEAR 7.		NOT DELIVERED IN YEAR 8.		<p><u>Term 1</u></p> <p>Intimate & Sexual Relationships <i>Students will consider reasons for and against engaging in sexual relations and how sex should be a decision free from pressure and the importance of delaying sex until both partners are ready.</i></p> <p><i>Students will be signposted to information to help/advice them about their sexual relationships e.g. NHS, Brooke.</i></p> <p><i>Sexual relationships will encompass a range of different sexual identities e.g. heterosexual, gay, bisexual, asexual, pansexual etc.</i></p> <p>Online and Media: The Impact of Viewing Harmful Content and the Effect of Sexually Explicit Material (Pornography) <i>This topic will explore the impact of viewing explicit material online and how viewing this material may impact how students see themselves and relate to one another.</i></p> <p>Sexual Health <i>This topic will equip students with knowledge about how to ensure they remain sexually healthy and practice safe sex when they choose to engage in sexual relationships. For example, contraception (the range of methods), STIs (range of STIs, identification & treatment).</i></p>

	Year 7	Year 8	Year 9	Year 10	Year 11
Health Education	<p><u>Term 1</u></p> <p>Health and Prevention: Keeping Physically and Mentally Well <i>This topic will explore the foundations of physical and mental wellbeing. It will introduce students to strategies and knowledge to effectively monitor their health e.g. physical exercise, healthy diets, talking to trusted adults etc.</i></p> <p><i>It will allow them to talk about their wellbeing with reference to appropriate vocabulary and reference to common emotions.</i></p> <p><i>Students will be signposted to internal (AGGS) and external support for worries concerning wellbeing.</i></p> <p>Health and Prevention: Sleep <i>This topic will explore the functions and importance of sleep and highlight key practices to ensure good sleep hygiene, for example minimal use of technology in the bedroom etc.</i></p> <p>Health and Prevention: Personal and Dental Hygiene <i>This topic will reinforce and review the importance of good personal and dental hygiene.</i></p> <p>Health and Prevention: Changing Adolescent Body <i>This topic will reinforce and review key changes which happen to students during puberty and menstrual wellbeing. There will also be reference to FGM and how if students feel they are at risk, where to source support and guidance e.g. the NHS.</i></p>			<p><u>Term 1</u></p> <p>Drugs, alcohol and tobacco <i>This topic will explore some facts about legal and illegal drugs, including alcohol and their associated risks, linking to both physical and mental health.</i></p> <p><i>Students will receive information about sources of support should they feel they need more information/ support e.g. TalktoFrank, KnowtheScore, Alcohol Education Trust, Daniel Margo Spags Foundation.</i></p>	<p><u>Term 1</u></p> <p>Health and Prevention: Keeping Physically and Mentally Well <i>This topic will explore how to cope with stress in relation to examinations and support available for mental and physical health outside AGGS, this will prepare students for leaving AGGS.</i></p>

	Year 7	Year 8	Year 9	Year 10	Year 11
Relationships Education					
Sex Education	NOT DELIVERED IN YEAR 7.		NOT DELIVERED IN YEAR 8.		<u>Term 2</u> Fertility & Pregnancy <i>This topic will explore the issue of fertility and choices in relation to pregnancy e.g. miscarriage, keeping the baby and starting a family, adoption, abortion. It will signpost students to further information e.g. NHS, Brooke. .</i>
