2.3	<p>Students are normally entered for 9 subjects at GCSE level at the end of year 11. In addition, examinations in other subjects not studied at school may be taken at school, subject to certain conditions and with agreement from the Assistant Vice Principal responsible for Achievement. Parents/carers are generally consulted in order to ensure that such students are not overburdened.</p>
2.4	<p>In the instance that a student of AGGS wishes to be entered for an external examination they are not currently studying for within school, a request must be made to the Assistant Vice Principal responsible for Achievement & Curriculum. AGGS does not support external entries in a MFL subject where a speaking and listening examination is required, unless a suitably qualified examiner can be identified by the school. If such an allowance is made, the student will be charged the examination entry fee, and may incur additional costs of administration and invigilation. AGGS cannot support an external entry which includes an NEA component as the centre will not be able to verify or authenticate the work.</p>
2.5	<p>Candidates entered for examinations outside of AGGS must be declared to the Assistant Vice Principal responsible for Achievement & Curriculum, before an entry is made. Similarly, if a candidate requires the UCI number for an examination outside of AGGS, a formal request must be made in writing to the Head of Centre.</p> <p>The DfE provides the following information:</p> <p><u>"What happens if a student sits a private early entry qualification?"</u></p> <p>Where a qualification is certificated privately, this continues to count in the performance measures for the school. The school will engage students and parents in constructive discussions on this issue where they feel a private early entry is inappropriate. This also applies where a student sits an examination at an examination centre other than their school."</p>

2.6	Where an external examination has taken place, the result must be declared to AGGS and evidence of the result provided to the Examinations Officer.
2.7	If students are struggling to meet the demands of a full nine subject course, the school will occasionally recommend to parents/carers that they discontinue a subject, or very rarely, two subjects during Year 11. Often health reasons lie behind such a decision. The final decision will be made by the Principal, the Vice Principal and the Assistant Vice Principal responsible for Achievement & Curriculum. School reserves the right not to enter a student for external examinations, after consultation with parents / carers.
2.8	At GCSE, students study English language, English literature, mathematics, at least two science GCSEs, a language and a humanity as their core curriculum. This meets the criteria for the new Baccalaureate and meets the requirements of the Progress8 Measure. Students are entered for a further two or three examinations, which may also count towards the Progress8 measure.
2.9	In Year 12, only students studying maths and further mathematics will be entered for a public examination; this will be mathematics A Level in the summer term of Year 12. 2.15	Full details of the arrangements for the conduct of public examinations are given to supervising staff.
2.16	Non-Examined Assessment (NEA), under the direct supervision of teaching staff, now forms part of the examination specification in many subjects. If a student misses any of the NEA sessions, teaching staff will rearrange an alternative session to complete the assessment. If this second session is missed, the student will have to complete the work under the supervision of a senior member of staff, or will have to forego the marks available for this part of the course. (Please see the separate Non-Examined Assessment Policy).
2.17	Food is not to be brought into the examination room. Water is permitted in a clear bottle free of labels, and must be kept on the floor.
